

Mock Transfer Tests

when a helping hand is all you need

Welcome to the April Newsletter,

We hope you and your family are safe and well.

First apologies to some of our clients, we appreciate some administration and updating accounts has been slower than normal, our focus has been on supporting students, we are now able to update and will be sending new statements soon.

Since our last newsletter we have all seen significant changes in our lives. With the closure of schools and implementation of Social Distancing we have had to stop face to face tutoring and mock tests.

However, we are pleased to announce that we have successfully launched both Online tutoring classes, and full Online Mock Transfer Tests (VR & Maths) and Mock Music Tests (MAT).

Our aim is to help support Parents with Home-Schooling by providing qualified teachers, with interactive sessions and follow up, using video and online solutions.

As per our mantra, we are here to help, if you need support, please get in touch.

Stay Safe

Regards

Gill & Andrew

Mock Transfer Tests

SW Herts Registration Opens Monday 20th April – Friday 19th June

As of 18th April, the SW Herts Consortium are stating that parents should **still** register for this years Secondary Transfer Test (11+).

Parents wishing their child to take the tests need to visit the SW Herts Consortium website and register.

The website opens on Monday 20th April. Registration includes options for all the tests, Academic test (VR & Maths) Music and Sport.

Parents should use the following link and read the **“How to register”** document which explains the process.

Summer Term

MTT Structured Approach

Following the MTT structured approach, the Summer Term is our Refine & Improve stage.

The aim of this approach is to **Assess, Review, Identify and close gaps**, introducing elements of test techniques, time management etc.

To support this our tutors, introduce new books and other material to ensure students are exposed to a wide range of material.

Online Tutoring

We are now running Online Tutoring sessions. Our tutors (all qualified teachers) are hosting both Year 4 and Year 5 classes each week using interactive video conferencing and other online solutions.

These are proving to be extremely popular as tutors are interacting with the students and students are able to be part of a virtual class and see their classmates.

If you would like your child to join a class it's not too late, and if required we are able to add new classes, please contact us for details.

Mock Transfer Tests (VR & Maths)– Now online. Next MTT 25th April 10.00am

We successfully conducted a full Online Mock Test (VR & Maths) at the end of March.

We were able to replicate our standard mock tests (except for the environment) offering a video introduction and timed paper release. Papers were marked and parents received a written report with scores, ranking. **Our next Online Mock Test will take place on Saturday 25th April at 10am.**

Mock Music Tests

We are pleased to confirm that we can now run the mock music tests online. With high quality sound and online answer sheets, our qualified music teacher will conduct a familiarisation section and sample test, followed by a full non-stop mock-test. Papers will be marked, and a written report provided. Please see our website to book. <https://www.mocktransfertestests.co.uk/event-booking-form/>

Loyalty discount 50%

To recognise and to thank those parents who have supported us during this unprecedented time, for those that book and attend an Online test (MTT & MAT) we are offering a 50% discount on our August Mock Tests (Aug 15th and 22nd).

MTT will issue a voucher with discount code to parents who have booked and attended our Online tests. (Terms and conditions apply)

Online Book store

To support our structured approach and to encourage students to take a break from their screens, we now have a new Online Book Store. Please see our website to see the full range. We have books covering Verbal

Reasoning, Maths and Non-Verbal Reasoning. Our range of 10 Minute Test books are ideal for keeping students focused and help to identify areas to develop.
